

ENVIRONMENTAL, OCCUPATIONAL HEALTH AND SAFETY EHS Management System Policy

We, Burkan Munitions Systems (Burkan) engage in manufacturing of Ammunitions for Infantry, Artillery and Air force and provide services such as Demilitarization, Test Range, Chemical Laboratory and X-ray which states the following:

Burkan Munitions Systems top management committed to protect the environment by preventing pollution, enhancing of employee health and wellbeing by preventing injury and ill health to its workforce, customers and contractors by providing hazard free work place.

Burkan Munitions Systems top management committed themselves to continually improve the performance of its Environmental, Health and Safety management system by complying with applicable legal and other requirements and in accordance with Abu Dhabi EHS Policy, Sector EHS Policy, EHS MS ISO 14001:2004 and BS OHSAS 18001:2007 international standards and by setting, monitoring, reviewing EHS targets and objectives and by providing appropriate EHS resources.

Therefore

All managers, team leaders and supervisors are responsible for ensuring that their team members are trained and made understood the content of this policy. This shall be carried out through the use of approved work procedures which would result in the achievement of optimal output without accidents, injuries and harm to the environment.

To achieve this objective all BMS employees must perform their duties in line with our Environmental and OH&S programs to create a pollution free environment and to make health and safety as our first priority where we work and live.

All personnel are accountable for the implementation of our Environmental and OH&S programs.

Chief Executive Officer
